

Marine Living Resources Fund (DEAT) – Turn-around Strategy & Programme Management

- Saha was appointed by the Director - General of DEAT to manage the various outsourced financial projects within the Office of the Chief Financial Officer: MLRF.
- Saha was responsible for the development and implementation of a turn-around strategy at the MLRF (Marine Living Resources Fund).
- Project included;
 - asset management
 - clean up of all unattended losses
 - outstanding staff advances, creditors reconciliations
 - revenue management
 - bank reconciliations and donor fund management
 - the verification of fisheries data between the industry and the MLRF
- As a result, the MLRF was in a better position to submit Annual Financial Statements for 2007 with reliable and correct information.
- Our financial acumen makes Saha International an ideal partner when reviewing the performance of multiple projects within any institution to ensure they are coordinated and achieve the client's objectives.
